Delve into the world of nail art with Full Set Project!

Full Set Project explores the social and cultural impacts of the nail industry through a study of the artistry, entrepreneurship, and working conditions of nail techs while amplifying their voices.

Join us for a special look at *Nail Tech: Portrait of an Artist* (2025) followed by a discussion with filmmakers Dr. Jillian Hernandez, Dr. Elena Guzman, and Dr. Aracely García-González; and internationally renowned, Miami Florida-based nail artist Kro Vargas.

The film explores the life and cultural impact of Miami Florida-based nail artist Kro Vargas, whose trend-setting designs have graced the pages of *Vogue* and the fingertips of major musical artists like Ivy Queen and Ice Spice. The documentary highlights how nail art is a meaningful form of cultural expression that shapes larger developments in visual art, fashion, and popular culture.

Moderator

Aracely García-González, Ph.D.

Speakers

Jillian Hernandez, Ph.D.

Elena Guzman, Ph.D.

Kro Vargas, artist

Doors open at 1:00 pm. Prior to the program, enjoy light refreshments and an opportunity to record your Miami Story or engage with nail artists from Spring with Friends as they showcase Miami-inspired nail art. Theater seating is first-come, first-served. Please plan to arrive early to ensure preferred seating.
